### Placement details:

Jane and Sean Brady own a mixed farm in the south of Ireland. They have about 200 acres of land, 80 dairy cows, 200 beef and 40 acres of tillage. The family consists of Jane, Sean and their three children; Lizzy who is 19 years old, Shane who is 16 years old and Eoin (pronounced "Owen") who is 13 years old.

You would be expected to help with the day to day duties such as:

- Milking the cows
- Herding
- Feeding
- General animal husbandry
- Tractor Driving if you are capable
- Any other duties involved in the running of the farm

You will also be expected to help Sean out with the general maintenance and repair work that a modern farm requires. This could include checking and repairing fences, cleaning out animal stalls or tidying up around the farm yard, paddock maintenance and any other issues that may crop up during your stay.

You will have your own room in the family home, share your meals with them and receive €100 pocket money each week. Around this area we have many other families with students, so you may have the chance of meeting them during your free time.

**Duration of placement:** **14 June to 20 September 2011**
